CLIP JOINT™
EDUCATION

COLOUR
BY CLIP JOINT

An exploration of colour methodology, thoughtful design and the technical knowledge behind creating beautiful, bespoke colour. Colour by Clip Joint is a one-day masterclass designed for experienced hairdressers and colourists looking to refine their understanding of global colour and elevate their approach to creating personalised colour outcomes.
Led by the Master Colourist-Giuliana this masterclass offers an insight into the methodology and design process that underpins the Clip Joint approach to colour. From consultation and suitability through to formulation, application and finish, discover how considered technical choices influence the final result. Explore the relationship between shape, tone and technique, examining how foundational colour principles can be applied to create results that are harmonious, individual and effortlessly wearable.

With a focus on understanding colour rather than simply following a formula, this experience encourages you to think critically, make informed decisions and develop a more intuitive approach to your work. Challenge the way you think and discover new possibilities within the fundamentals of global colour.

DATES:	Monday 3 May 2027 and Monday 16 August 2027
